ACCRA GHANA

RE: OVERLORD OF NZEMALAND APPEALS TO TRADITIONAL RULERS TO UNITE.

REJOINDER/ RESPONSE;

INTERCEPTED LETTER FROM THE ACTING SPOKESPERSON OF THE WESTERN NZEMA TRADITIONAL COUNCIL

We, the leadership of NZEMA KOYELE EKU (made up of Nzema Youth Association, Concerned Nzema People, National Alliance for Peace and Development, Positive Youth Movement, Nzema Students Union) a duly registered group of all Nzemas at home and in the diaspora with registration number 'CG191640621' write to register our utmost displeasure at the content of the said letter with the above caption which represents absolute fallacy and misrepresentation.

First, we wish to state categorically that the said letter is not from the youth of Nzema as stated. All well renowned groups in the Nzemaland have names and registration numbers; so, no youth group in Nzema will bring forth a publication or letter without its name being stated.

We want to put on record that the author of the rejoinder to the original story claiming to represent the youth group in Nzema has no grounding or whatsoever to represent any youth group on the land. As a matter of fact, he is just perpetrating falsehood and mischief.

We admonish GNA to uphold this story and ignore the unsubstantiated attempt of this individual to cover the truth and thwart history of the Nzemaland. The truth and history have it that King Kaku Ackah III is the only known Overlord of Nzemaland and appropriately gazetted with all Nzema lands with the number 1144 beyond whom there is no other Overlord. We don't need to belabour this point as the facts and history are there for all well-meaning Ghanaians to ascertain.

We dare say that none of the two caretaker chiefs is gazetted and should desist from representing us as such. We again challenge the claimant to produce the documentations in their possession.

Do not hesitate to call the office of the Overlord of Nzemaland, King Kaku Ackah III or the undersigned for further clarification on the Kingship of Tumevole Kaku Ackah III

Once again, ignore this fake letter which lacks credibility, facts, but written in the parochial interest of some unpatriotic individuals seeking to thwart history of the Nzemaland which we can assure them can never stand.

Kindly find attached some literature which throw more light on the Kingship of Tumevole Kaku Ackah in Nzemaland.

Thank you.

Long live Nzemaland,

Long Live King Kaku Ackah III.

Signed
