### **STATEMENT OF SOLIDARITY WITH THE PEOPLE OF PALESTINE**

The Socialist Movement of Ghana (SMG) unreservedly condemns the on-going aggression on Gaza by the apartheid regime of Israel under the pretext that it is to stop suspected attacks by the Islamist Jihad.

The Israeli aggression is in blatant violation of international law which imposes a duty on colonial occupiers to protect their victims and to refrain from acts that are detrimental to the peace and well-being of the occupied people.

By the afternoon of today, close to 40 innocent Palestinians including women and children had been massacred by the apartheid troops using the most-deadly weapons supplied by the United States of America and its allies.

The SMG calls for an immediate end to the Israeli aggression and the lifting of an unjustified blockade of Palestine.

We reaffirm our conviction that as a People living under harsh colonial occupation tinged with the worse form of racism, the People of Palestine have a right to resist as guaranteed by international law.

This is the time for all peace-loving people of the world to rally to the support of the people of Palestine and to insist on the implementation of all UN resolutions calling for the creation of an independent and viable Palestinian State with Jerusalem as its capital.

This senseless aggression against the Palestinian People must be stopped immediately without any pre-conditions and the international community must take concrete steps to prevent its recurrence.

Palestine will surely be free!
