NEW YEAR MESSAGE

Comrades and Friends,

As we welcome the dawn of a new year, the Ho Collective of the Socialist Movement of Ghana extends greetings of solidarity and hope to the resilient people of Ho and the entire nation Ghana. This past year, we proudly stood together to honour our history during events like the Founder's Day celebration, where we paid tribute to Osagyefo Dr Kwame Nkrumah, who fought for our freedom and dignity. Similarly, on Republic Day, we reflected on the strides made in our collective journey toward true independence and sovereignty. We hope that the incoming NDC government will restore these holidays once again.

As we step into this new year, let us renew our commitment to the principles of social justice, equality, and community development.

The Ho Collective of the SMG is launching a renewed membership drive, and we call on all who share our vision to join us. Together, we can build a stronger movement that represents the voice of the people and works tirelessly for the betterment of all.

In 2025, we hold onto the hope of a brighter future - a future where every citizen of Ho, and Ghana thrives in unity, where our shared resources uplift us all, and where no one is left behind. Let us stand firm in our resolve to fight for a just society and a nation that truly belongs to its people.

May the year 2025 bring prosperity, strength, and solidarity to us all. Forward ever, backward never!

In solidarity,

Ambruce Senahia
